

Lennox estate Community news

ISSUE 1

Welcome to a community notice that aims to provide regular updates and information on events and services available to the community

Latest news

We would like to thank those residents who attended the November engagement event and provided the design team with feedback. The details shared at the recent event are available on the website, www.lennox-homesforwandsworth.co.uk and if you would still like to provide comments, please get in touch with the team.

The project team will continue to develop proposals for new homes and wider estate improvements. Designs will aim to respond to residents' feedback and residents will be provided with further updates on this in due course.

LNX Boxing: Where Fitness and Community Meet

We are excited to announce that the former Lennox Youth Club is being transformed into a state-of-the-art boxing gym for everyone. The new facility, now known as LNX Boxing, will offer classes and training for all ages and abilities.

Stay tuned for updates and visit LNX.LONDON for more details.

Life-changing move to new wheelchair-accessible home for local resident

Amna, a local Putney resident and wheelchair user, has moved into a new accessible home on the Kersfield Estate, part of the Homes for Wandsworth scheme. The home features automated door entry, level access, and ample space for wheelchair movement. The kitchen includes electric height-adjustable counters, hob, and sink, and there is a fully wheelchair accessible wetroom. "It's changed our lives so much in a better way," says Amna. "I'm so grateful for the thought and ideas put into this flat that benefit me so much."

Help with Damp and Mould

If you are a council tenant or living in temporary accommodation and notice there is damp and mould in your property, you should contact the mould removal team.

Call **020 8871 8887** or email Mouldremoval@wandsworth.gov.uk

Meet your team - Femi and Rich

We want to make sure that we involve residents in shaping local community facilities. We would love to hear from you on your views about your area.
